

2023-24 REC SKI

Fees and Transportation

Two Season pass prices:

- This year there are two different season pass prices. Schweitzer mountains is **not** adding **\$54.86** to students who have a previous year season pass RFID card – (The black card)

Pass Protect:

- The major thing pass protect does, is that if your student injures themselves the first time they ski/snowboard they can be refunded all but the first days cost of the season pass. There are some other small perks you can look up on the Schweitzer website.
- Most students who ski a lot don't get this. But some financially cautious or accident prone do.

Rental and Deposit

- Rentals (Pr. Sid's ski shop) will begin after the first Homeleave **Sept.18**
- \$20 Deposits are returned at end of Ski season when gear is returned before the end of April before Homeleave. (Gear returned after April before end of school will not have deposit returned) (Deposit also retained for broken gear)

Transportation

- Transportation pick-up points (UCA, Yokes on 195, by arrangement Valley Mall, Post Falls Rest Area, Hayden SDA Church)
- \$25 per ride (7x25=175), \$35 for Ski retreat weekend = equals total 8 rides - **\$215**
- This year we have a total of 9 ski days if you have gone all the of 8 your ninth is free!
- If a student does not attend all 8 days they will be refunded at the end of the season.
- \$12.50 for one way trip (if arranged parent drops off at mountain and we return)

Rec Ski Credit

- For School credit Student must participate 5 times riding the bus or traveling with parents (can't drive themselves or ride with friends)

Ski Retreat

- Jan 12-14 (Friday – Sunday) included in package pricing except Village kids food (\$30 extra)
- Sandpoint school, Friday worship, Sabbath Church activities, nature snow walk, night skiing, Sunday Ski

Minor Money discrepancy in pricing I try to keep things in round numbers for convenience.
